

Pediatric Posterior Uveitis

Causes

Noninfectious

- Systemic Autoimmunity Syndromes
 - Sarcoidosis
 - Familial Juvenile Systemic Granulomatosis
 - [Behçet Disease](#)
 - [Tubulointerstitial Nephritis and Uveitis Syndrome \(TINU\)](#)
 - Systemic Lupus Erythematosus (SLE)
 - Systemic Necrotizing Vasculitides
- Predominantly Ocular Diseases
 - Vogt-Koyanagi-Harada Syndrome
 - Sympathetic Ophthalmia
 - Inflammatory Chorioretinopathies (White Dot Syndromes)
 - Acute multifocal placoid pigment epitheliopathy (AMPPE)
 - Acute retinal pigment epithelitis (ARPE)
 - Multiple evanescent white dot syndrome (MEWDS)
 - Punctate inner choroiditis (PIC)

Infectious

- Viral
 - Herpetic Retinitis (HSV, VZV, CMV)
 - Lymphocytic Choriomeningitis Virus (LCMV)
 - West Nile Virus
 - Rift Valley Fever
 - Chikungunya
 - Dengue Fever
- Bacterial
 - Syphilis
 - Tuberculosis
 - Cat Scratch Disease (*Bartonella henselae*)
 - Lyme Disease (*Borrelia burgdorferi*)
 - Brucellosis
 - Rickettsial diseases
- Parasitic
 - [Toxoplasmosis](#)
 - Toxocariasis
 - Diffuse Unilateral Subacute Neuroretinitis
 - Onchocerciasis
